HINGING

FRAMER'S TAPE II

The # 1 Hinging Tape

This tape is stronger and thinner than linen or paper tapes. It is moisture proof and the adhesive will not ooze from the sides. This product is great with water colors and can be repositioned on hard calendered mat board surfaces. This flexible adhesive comes in white or clear and can be easily reversed with minimal heat from most surfaces.

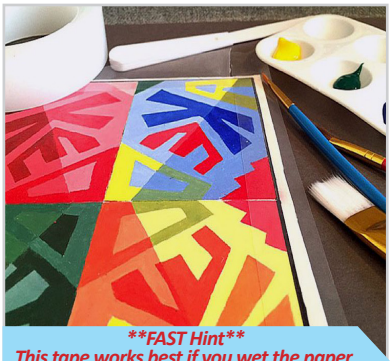
FM2000-2CL	2" x 180FT
FM2000-2WH	2" x 180FT

WATER COLOR USAGE

WATER COLOR WASHOUT TAPE

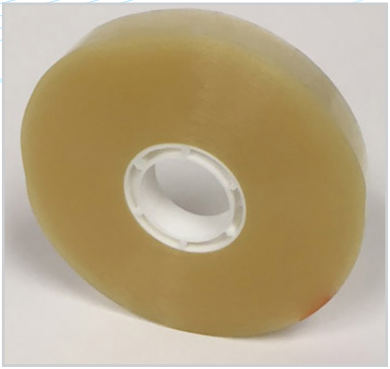
Removable Tape

This tape is specifically designed for the water color artist. This is an up to date replacement for the gummy paper tape; its removable, will withstand very wet paint, and will not alter or tear the surface during removal. It can be used with all water color paints, acrylics, oils, and works best with non-porous boards. This self-adhesive film is clear and waterproof.



*****FAST Hint*****
This tape works best if you wet the paper, let it dry for about 5 minutes then apply the tape.

FM3011-1	1" x 36YD
FM3011-2	2" x 36YD



DOUBLE LENGTH ATG

Film Linered

This ATG is ideal for double matting and mounting two similiar materials or for sealing dust covers. This double-sided tape comes on a film-linered roll which allows for fewer roll changes and eliminates chances of tape tearing during application. This roll is also doubled in length, and is not comparable to anything else on the market, for it is the only one of its kind.

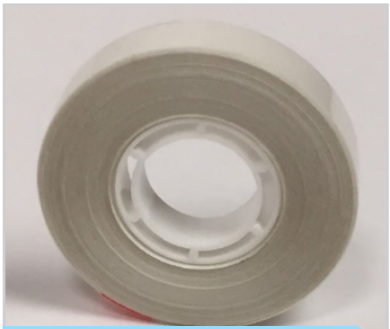
Ⓖ FM990ATG-120	1/2” x 120YD
FM990ATG-72	1/2” x 72YD

PREMIUM 2 MIL ATG

Double Matting and Mounting

This is a great general purpose adhesive transfer tape that can be used for double matting and mounting and also ideal for sealing dust covers. This adhesive will not dry out or deteriorate with age and it is quick and easy to use. You can use this solvent resistant tape on an assortment of material groupings.

Ⓖ FM991ATG-36	1/2” x 36YD
Ⓖ FM991ATG-.5	1/2” x 60YD
FM991ATG-.25	1/4” x 60YD
FM991ATG-.75	3/4” x 60YD



FAST Tip
This tape is highly recommended for any job that may have PH factoring concerns.

ARCHIVAL GRADE TRANSFER TAPE

Double Matting and Encapsulation

This double coated tape offers better bonding and excellent matting capabilities to fabric mats, encapsulation, and great transfer adhesion to irregular surfaces. This tape works well with different temperatures and has high peel tack.

Ⓖ FM1100ATG-.5	1/2” x 18YD
FM1100ATG-.75	3/4” x 18YD

SUPER STICKY HIGH TACK ATG

Fabric Mount

This high tack ATG tape offers the ability to mount to irregular, printed surfaces, and it contains the thickness in the adhesive to mount fabrics. This tape allows for permanent mounting and it bonds on contact and works on many different substrates.

FM1104ATG-.5	1/2” x 18YD
FM1104ATG-.75	3/4” x 18YD

CLASSIC DOUBLE-SIDED ATG

Mat and Mount

This permanent ATG is excellent for double matting. This pressure-sensitive adhesive transfer tape works great various project types and also pairs well with our D604 ATG Dispenser.

Ⓖ FM202ATG-36	1/2 x 36YD
FM202ATG-60	1/2 x 60YD

FILLET TAPE

Maximum Bond Acrylic Adhesive

A double-sided ultra-bond tape designed to adhere to the backside of a mat, wood, or metal fillets. This acrylic adhesive will not yellow or dry out. Rough Surfaces will not cause any problems when bonding and usage of this tape will reduce shrinkage and elongation with its extreme holding power.

Ⓖ FM670F-.25	1/4” x 36YD
FM670F-.125	1/8” x 36YD

***FAST Tip**
This tape works well on silk fabrics.

STITCHERY TAPE

Acid Free Mounting Tape

The "ultimate" double-sided customary grade adhesive tape will adhere to fabrics as delicate as silk, linen, or velvet without adhesive bleeding or damaging the fabric. This transparent tape is designed for mounting stretched needle work to art boards or foam core. Be sure to cut all loose threads from the back of the stitched piece before mounting. Be aware that maximum adhesion is reached within 24 hours under weight. Use this product to replace glues, pins, and staples.

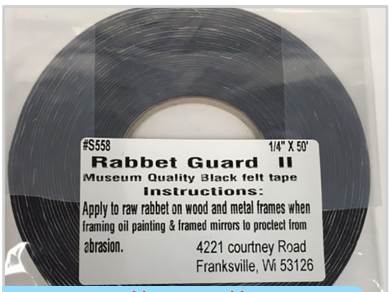
FM1175-30	1 1/2" x 30FT

RABBET GUARD

Shellac and Solvent Based Sealer Replacement

Use this mylar tape confidently on finished or unfinished mouldings. This neutral PH adhesive is great for many artistic creations and framing. It eliminates enviornmental damage, moisture, and dust from entering the frame. This tape will not stiffen and will replace shellac and solvent based sealers.

FM557-.75	3/4" x 72YD



***FAST Fact**
This is the first US made museum quality black felt tape for lining the raw rabbet with oil paintings.

RABBET GUARD II

Black Felt Tape for Lining the Raw

It is important to use a tape that will not cause deterioration, discoloration, or abrasion to objects that need to be maintained over a long period of time. This conservation tape can be used as a protective spacer on the bevel of framed mirrors. It will protect and enhance the mount and will not damage the artwork.

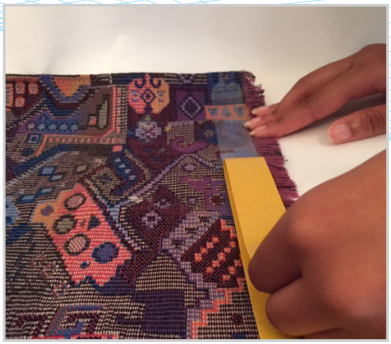
FM558-.25	1/4" x 50FT

HAND APPLIED MOUNTING

TAPESTRY MOUNT TAPE

Fabric Double-sided Tape

This is the only double-sided tape strong enough to mount heavy weight fabrics safely. Replace messy spray adhesives with this easy to use pressure sensitive adhesive. Because of the strength it does not allow you to reposition tapestry cloth and therefore, not recommended for conservation level framing.



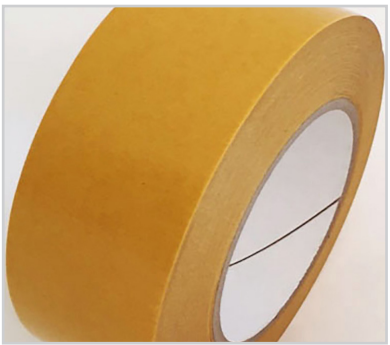
FM991-.25	1/4" x 60YD
FM991-.5	1/2" x 60YD
FM991-.75	3/4" x 60YD
FM991-1	1" x 60YD
FM991-1.5	1 1/2" x 60YD

Please call 1-844-pik-fast for larger decorative paper sizes.

SUPER STICKY TISSUE TAPE

Mount to Irregular Surfaces

This permanent adhesive is very sticky, very versatile in its applications, and very sustainable in its tacking ability.



Ⓒ FM331-.75	3/4" x 110YD
Ⓒ FM331-12	12" x 110YD

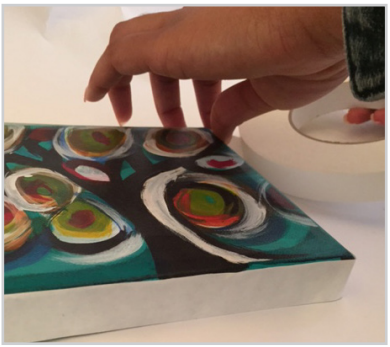
EDGING

WHITE ARTIST TAPE

Smooth, White Matte Paper Tape

This permanent adhesive permits it to be used for edging foam core, and excellent for art boards, writing, and painting on this smooth premium grade white paper masking tape. This tape can stick to paper, fabric, film, and more.



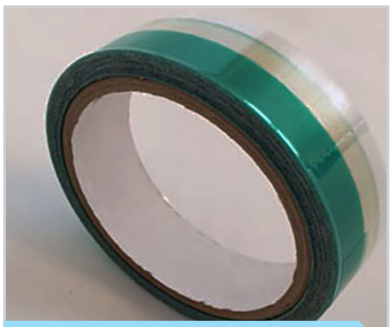
Ⓒ FM1702-.75	3/4" x 60YD
FM1702-1	1" x 60YD

MASTER TABS II

Double-sided Clear Adhesive Disks

This age resistant adhesive will not yellow or dry out. These permanent double-sided clear adhesive disks are used for float mounting photos, documents, and other artwork on most surfaces.

Ⓖ FM670D-.75	3/4” x 1000 Disks/Roll
Ⓖ FM670D-1.75	1 3/4” x 1000 Disks/Roll
FM670D-.625	5/8” x 500 Disks/Roll
FM670D-1.25	1 1/4” x 1000 Disks/Roll



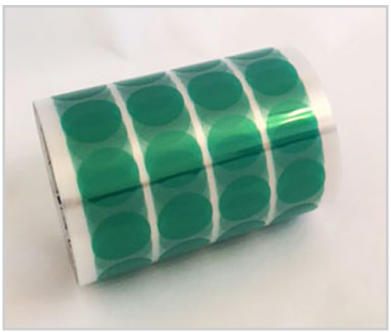
***FAST Tip**
Four strips of art guides (depending on the print size) should be sufficient to hold the artwork in place.

ART GUIDES

Channel Strips for Mounting on Foam

These channel strips are perfed for easy tear making it easy to use without needing scissors or a dispenser. The cool thing about the art guides is that the adhesive does not touch the artwork at all. It is clean, dry, and repositionable.

FMCW21SART-.75	3/4” x 2” 300 Pieces/Roll



MASTER TABS

Mylar Backed Inert Adhesive Dots

This is a safe alternative to acid free corner mounts. Trapping art on four sides is not required with these tabs. These tabs are made in the USA and are perfect for photos, awards, documents, and artwork on most surfaces.

FMCW21SD-.5	1/2” x 2000 Dots/Roll

DUST COVER SEALANT

WHITE FLATBACK

Protects Frame Backing

This pressure sensitive heavy weight, smooth paper tape is excellent for sealing dust covers on the backing of a picture frame. It can also be used to edge foam core.

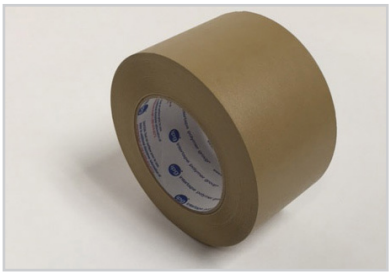
FM512-2WH	2” x 60YD

BROWN FLATBACK

Frame Sealing

Aggressive pressure sensitive flatback with an adhesive that has been specifically designed to offer a strong and secure seal on a variety of substrates

FM525-1	1” x 60YD
FM525-2	2” x 60YD
FM525-3	3” x 60YD



MISC TAPE

LINEN TAPE

Ideal for Bookbinding

This is a strong permanent adhesive that comes in white or black. The smooth linen fabric backing makes it ideal for easel backs and edging.

FM837-1WH	1” x 180FT
FM837-1BLA	1” x 180FT
FM837-2BLA	2” x 180FT

PACKAGE/PROTECT

MOBIL WRAP

No Adhesive Cling Film

A clean alternative to bubble wrap for protecting framed prints. No adhesive is involved. This ultra-clear film will not tear and is easy to use.

FMFNW-5	5” x 1000FT

PACKAGE/PROTECT

FAST Hint
Stabilize framed art by placing the tape in an "X" over the face of the glass from one corner to the other.

GLASSGUARD

Stabilizer

This is a low tack adhesive paper that can be applied to framed artwork that easily removes with no residue. It peels away from the surface, eliminating scraping and scratching, and protects the artwork from broken or chipped glass.

FM6582-2	2" x 100YD
FM6582-4	4" x 100YD
FM6582-6	6" x 100YD

GENERAL PURPOSE MASKING TAPE

Package, Bind, or Hold

Use for packaging and everyday needs to bind or hold articles in place with this high tack masking tape. This tape is made from crepe paper with rubber adhesive.

FM803-.5	1/2" x 60YD
FM803-.75	3/4" x 60YD
FM803-1	1" x 60YD
FM803-2	2" x 60YD

SEALING TAPE

CARTON SEALING TAPE

Moisture Resistant

This tape seals cartons and packages for shipping or storage. It sticks to virtually any surface and it is a clear all-purpose film tape.

FM210-2CL	2" x 110YD

DESKTOP DISPENSER

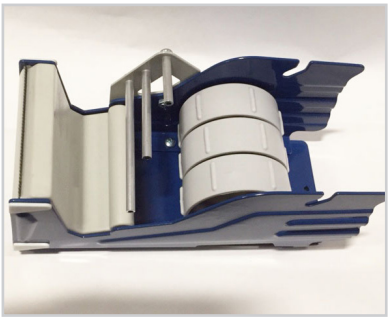
This weighted base dispenser can hold one roll up to 1” wide, with a 3” core. It has an inside adaptor to fit 1” core tapes, and is recommended for engraving table tape usage.

FMD2

TABLE TOP DISPENSER

This ultimate multi-roll tape dispenser is made of high quality steel. It is designed to hold one or more rolls up to 3” wide.

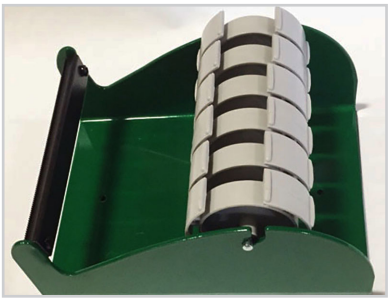
FMD233



WORKROOM DISPENSER

This dispenser is a heavy duty, weighted base dispenser that can hold one or more rolls up to 6” wide on a 3” ID core.

FMD2336



ATG DISPENSER

This is a lighter weight, high impact plastic gun that is well balanced for your ATG needs. A hinged, clear cover enables you to see when it is necessary to reload. The easy grip handle makes applying tape fast.

FMD604

***FAST Fact**
This gun works well with all of our ATG tapes up to 72 Yards.*

SANDBLASTING

***FAST Fact**
Sandblasting was patended by Benjamin Chew Tightman in 1870.*

LAZER'S EDGE

Laser Safe, No PVC

This film is a top seller for both lasering and sandblasting. This one step masking process will take you from stenciling in the laser straight to the sandblaster. This PVC free film creates sharp clean lines without bleed through as with normal paper masks. It protects the substrate from the harsh impact of the abrasive and works great with awards, trophies, stained glass, engraving, sandblasting, signage, and monuments.

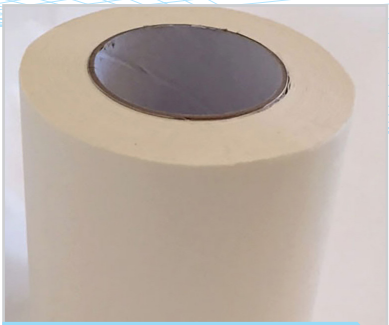
© FMCW5764-25	6" x 25YD
FMCW5764-72	12" x 72YD

LOW TACK PAPER MASK

Protects Foils from Edge Burn

This clear coated low tack paper mask will allow you to apply vinyl graphics to your lasering products. This mask will safeguard your foils from edge burn and eliminate smoke damage. This reusable mask can be used with or without foils.

FM6582-2	2” x 100YD
FM6582-4	4” x 100YD
FM6582-6	6” x 100YD



***FAST Hint**
It is very favorable to mask wood materials before fabrication to avoid natural oils from discoloration on the surface.

SOLID COLOR LASER FOILS

PVC Free

These foils allow decals and stencils to come to life for lasering projects. The process of adding color and flare to your product is very easy. Cut a piece of the foil and cover the area that you intend to engrave; then use your laser engraver or vector to cut the film. Remove the excess material and admire the illusion of movement and added creativity with these accented foils to your substrate.

***FAST Tip**
These foils can be used with acrylics, glass, and wood, just to name a few.

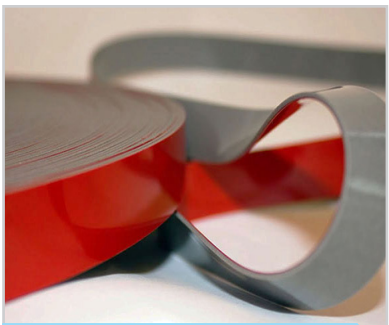
Alternative for Mechanical Fasteners



***FAST Fact**
This foam is poly lined and here for your permanent bonding needs.

This foam replaces hardware devices such as rivets, bolts, welding, and screws for a much cleaner look. It can be used for display cabinetry, outdoor signage, furniture, and transportation vehicles. This UHB foam can also be used on substrates including glass, plastics, sealed woods and metals. This foam has the ability to withstand temperature fluctuations and wind vibration over time, which could lessen replacement of outdoor signs.

FM1435-1	1” x 36YD

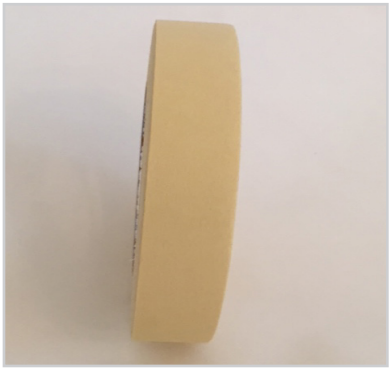
FAST Hint
This tape can be re-used if placed on the flat side of the screen. Peel up the film and then store properly for use later.

SILK SCREEN BLOCK OUT-FILM

Chemical and Moisture Resistant

This tape is used to lock the job down and provide a good tack with reasonable adhesion, while offering clean removability from most surfaces. After your screen is made and the stencil is done, you will want to use this tape pre-press to protect the ink from going where it should not be.

FM3011-1	1" x 36YD
FM3011-2	2" x 36YD



SILK SCREEN BLOCK OUT-PAPER

For Use with Water Based Inks

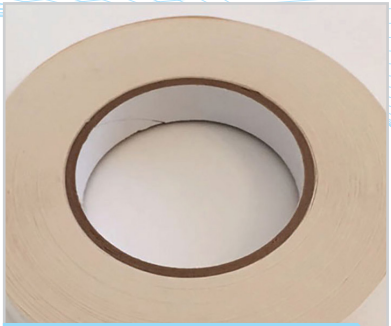
This smooth crepe paper masking tape provides a good quick stick property and adheres to a variety of surfaces. This block out tape is also beneficial for sealing up the gaps in your squeegee to keep the ink from storing in the open areas and spreading onto the next project.

FM458-1	1" x 60YD
FM458-2	2" x 60YD

ROUTER TAPE

Rubber Based Adhesive

This double-sided tape is more effective than foam tape in routering because it does not sit up as high and it allows you to be more exact. This adhesive keeps the panel from vibrating and rebounding when its being machined by the blade. This rubber based adhesive can also be used on windows.



***FAST Fact**
This tape firmly holds the substrate in place during the routering process.

ENGRAVING TABLE TAPE

Holds Plates in Place

Engraving with this clear, linerless non-residue adhesive is seamless. This tape will hold your engraving plates to the bed of your engraving table. Remove as many air bubbles as possible, as this tape has an extending ability. When used properly, you can engrave multiple plates before replacing. This table tape permits for easy removal after engraving.

© FM2524-1	1" x 72YD
FM2524-.5	1/2" x 72YD
FM2524-.75	3/4" x 72YD

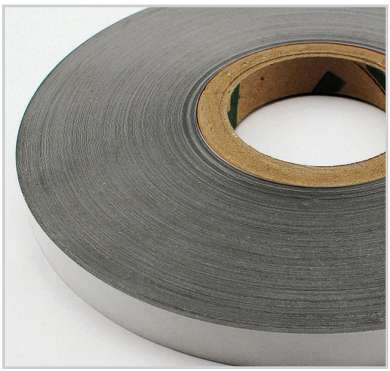
FAST Tip
This tape can be used with any substrate.

MAGNETIC TAPE

Adhesive Backed

This flexible, adhesive backed magnetic tape cuts easily and used for creating removable signs, tags, displays, printing, and exhibit booths.

FM21-.5	1/16” x 1/2” x 100FT
FM21-1	1/16” x 1” x 100FT
FM31-.5	1/32” x 1/2” x 100FT
FM31-1	1/32” x 1” x 100FT



STEEL TAPE

Creates a Steel Surface

This adhesive backed steel tape will create a steel surface for your magnetic backed signage, POP displays, nameplates, or other advertising specialties. It provides a good bond for metals, and performs well over a wide temperature range; also great for interior and exterior bonding.

FM1092-1	1” x 100FT

CLASSIC DOUBLE-SIDED ATG

Mat and Mount

This permanent ATG is excellent for double matting. This pressure-sensitive adhesive transfer tape works well for picture framing, product assembly, and works well with our D604 ATG Dispenser.

SANDBLASTING

***FAST Fact**
Sandblasting was patended by Benjamin Chew Tightman in 1870.*

LAZER'S EDGE

Laser Safe, No PVC

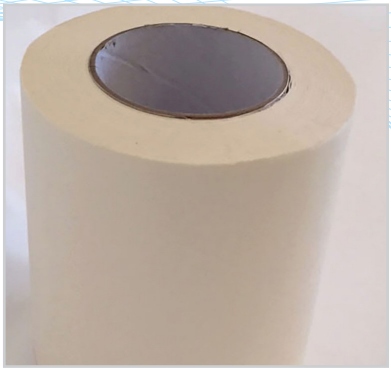
This film is a top seller for both lasering and sandblasting. This one step masking process will take you from stenciling in the laser straight to the sandblaster. This PVC free film creates sharp clean lines without bleed through as with normal paper masks. It protects the substrate from the harsh impact of the abrasive and works great with trophies, awards, stained glass, engraving, sandblasting, signage, and monuments.

G FMCW5764-25	6" x 25YD
FMCW5764-72	12" x 72YD

LOW TACK PAPER MASK

Protects Foils from Edge Burn

This clear coated low tack paper mask will allow you to apply vinyl graphics to your lasering products. This mask will safeguard your foils from edge burn and eliminate smoke damage. This reusable mask can be used with or without foils.



FM6582-2	2” x 100YD
FM6582-4	4” x 100YD
FM6582-6	6” x 100YD

SOLID COLOR LASER FOILS

PVC Free

These foils allow decals and stencils to come to life for lasering projects. The process of adding color and flare to your product is very easy. Cut a piece of the foil and cover the area that you intend to engrave; then use your laser engraver or vector to cut the film. Remove the excess material and admire the illusion of movement and added creativity with these accented foils to your substrate.

***FAST Tip**
These foils can be used with acrylics, glass, and wood, just to name a few.
